

I feel that the FCC should not let Cell Phones be allowed when the main cabin door is shut.

- Cell phone use would enable terrorists to coordinate a plan of action more effectively.
- The NPRM would leave it up to flight attendants to police the use of cell phones onboard the aircraft compromising our ability to maintain a safe, secure cabin environment and to conduct emergency evacuations.
- It would make an already tense cabin environment even more stressful by having to police passengers.

Please dont allow CELL PHONES

-William London
